

MICHAIL KULESH

SEITEMAP

1. Curriculum vitae

- Personal Information
- Education
- Experience
- Honors and Awards

2. Publications

- Journal publications
- Papers published in conference proceedings
- Abstracts published in conference proceedings
- Preprints
- Other publications

3. IT Experience

- Designing and development of OLTP-System "Capital CSE"
- Designing, development and implementation of OLTP-System "School" in Perm State Technical University Lyceum N1
- Development of analytical reporting using the data warehouse on the base of SAP R/3 and Business Objects

4. Scientific Experience

- Development of optimum timetable models for school
- Modeling of metal deformation process with use molecular dynamics simulation
- Development of experimental vibration-survey methods using continuous wavelet transforms
- Constructing of new analytical solution within the framework of asymmetric elasticity theory
- Calculation on toughness for the construction of rotated toroidal level canal
- Signal dynamics in wavelet phase space: the wavelet deformation algebra and its application to the analysis of seismic signals
- Investigation of surface wave properties in mediums with microstructure

5. Photos

- The stroll in Bremen
- The golden autumn in Berlin
- Alice Band in Nuremberg

- Christmas lights
- If you go to San Francisco
- Two tours to Amsterdam
- Summer holiday in Greece
- Los Angeles and environs
- San Francisco one year later
- New Year in Rome
- A conference in Las Vegas
- New Year in London
- Again San Francisco
- New Year in New York

6. Sitemap
